

The Coalition has Open Certification throughout the year so a potential provider can become a School Readiness Provider.

Providers must:

- Must be a licensed child care provider in the state of Florida
- Contact the Coalition at 727-400-4412
- Attend an Orientation Session
- Complete and submit all required paperwork within 90 days of attending the Orientation Session

Providers outside of Pinellas County may offer School Readiness services to Pinellas residents but must have an active Agreement in good standing with the Early Learning Coalition in their county.

If you would like to register or for more information regarding the new provider orientations please call the Coalition at 727-400-4412.

**All orientations will take place at the Early Learning Coalition
2536 Countryside Blvd., Suite 500, in Clearwater**
